

# Privacy Policy and Confidentiality of Information

---

The Manaseb team welcomes you and thanks you for your trust. Manaseb informs you that, out of its keenness and full awareness of users' rights, it seeks to protect your private information in accordance with the Manaseb Privacy and Confidentiality Policy. The following are details of the Privacy and Confidentiality Policy under which your private information will be handled.:

## **First: The information that “Munassib” obtains and keeps in its databases.:**

- User personal information, such as name, age, email, national ID number or residence number.
- The user's personal login information, such as username, password, email, and password recovery question and answer.
- The nature of the electronic platform may require some information related to cookies for electronic purposes to facilitate the interaction between “Munassib” and the user..

## **Second: Does "suitable" share this information?**

Naturally, "Manabesh" seeks to retain this information in a manner that preserves the user's privacy, and it only retains this information for the purpose of improving the quality of the platform and facilitating the interaction between "Manabesh" and the user..

As a general rule, only those in charge of "Munsab" have access to this information, and they will not publish or broadcast it to others..

In the event that “Mosab” notices any irregular or illegal activity by the user, it may report it to the relevant authorities after consulting with “Mosab”'s attorney."

## **Third: How secure is the confidentiality of the platform's information?**

"Munassib" seeks to maintain the confidentiality of information and the privacy policy of users and will not violate the provisions of this policy..

However, since the Internet cannot be 100% guaranteed, the "Munsab" team notes the following::

- "Munassib" seeks to preserve all user information and not to access it in violation of this policy..
- The information is protected by "specific servers" protected by appropriate electronic protection systems..
- "Appropriate" advises users to keep their information confidential and not to disclose any very important information, due to the possibility of the network being hacked or viruses..

#### **Fourth: Is there a third party in the relationship between “Munassib” and the user?**

This privacy policy is set out in relation to situations where a third party, such as marketers, technologists, consumers, and any other parties involved in the relationship,.

#### **Fifth: Rules and regulations for using “Msaba’ib”:**

All obligations of “Munsab” and users, and rights contained in the relationship between the user and “Munsab”, can be viewed through **(Put the link here)** These rules are considered part of the “Privacy and Information Confidentiality Policy” stemming from the agreement concluded between the user and “Manaseeb”, which aims to enhance the trust and credibility that “Manaseeb” is keen to provide to users..
